

Harmony Designs

- SINGLE STOREY -

One of our original designs, but still the best

The first Harmony design carried Allworth to great heights in the 1980's. Whilst it was a popular design back then, the Harmony range has evolved since then. We are proud of the history, but excited where our new look brochure with a fresh twist on the classic design will take us.

So popular this design is that we have this design on display at three different locations. With fantastic features like four bedrooms, large media room, storage galore, alfresco area with great sized family room and functional kitchen, it's no wonder that this design has been our most popular design.

As you continue through the brochure you will notice that we have illustrated this range to suit different land sizes and features designed, to better suit your needs and wants, no matter what your budget is.

We are proud to offer you other options to our designs like our 'Luxe Layout' options. These layout options have been created with you in mind, so you can build your home, your way to suit your lifestyle.

In choosing an Allworth Home you will have the benefit of 40 years master built experience. We have mastered the planning and building process, honed to a point, being recognised as one of the most efficient builders in New South Wales.

We understand that all customers are different and all have distinct lifestyle needs. With many home designs to choose from, you'll be sure to find what you are looking for at Allworth Homes.

Take a look through our brochure and talk to one of our friendly New Home Consultants.
