

Viva Designs

- NARROW -

Viva-cious family designs for a narrow lot

The Viva range has everything that you need to suit your 10m ZERO lot. Armed with various designs that will work with DA/CC and CDC options. The Viva provides the optimal solution for families who need to find the perfect home that suits their land.

The functional yet open-plan living space allows you to live harmoniously and appeals to many families. However, some designs feature our converse option, which offers the master bedroom to the rear of the home. Combined with excellent storage options like a spacious walk-in pantry off the kitchen, linen cupboards off the laundry. In contrast, all designs feature robes to all bedrooms. The designs in the Viva range will illustrate to you both DA/CC and CDC options that are available to suit your specific needs on your lot.

Have you heard about our 'Aspire' options? Simply choose which options you would like to add to your home. Then, take one, or take them all. These options have been created with you in mind to build your home your way to suit your lifestyle.

You will benefit from 40 years of master built experience when choosing an Allworth Home. We have mastered the planning and building process, honed to a point, being recognised as one of the most efficient builders in New South Wales.

We understand that all customers are different and have distinct lifestyle needs. With many home designs to choose from, you'll be sure to find what you are looking for at Allworth Homes.

Take a look through our Viva brochure and talk to one of our friendly New Home Consultants.
