

# Sebring *Designs*

- SINGLE STOREY -

# When all you want is living space, the Sebring delivers.

Our Sebring design range features both functionality and style. With generous sized bedrooms, and large open-plan living spaces, the Sebring range gives modern families a variety of entertaining zones that can enhance the dynamics of any family looking for their dream home.

Not only is this design range available for regular sized lots, but has also been created to suit 12.5m narrower lots, accommodating for those lots without sacrificing on precious living space.

We are proud to introduce other options to our designs like our 'Luxe' Layout Options. These alternatives have been created with you in mind, so you can build your home, your way to suit your lifestyle.

Have you heard about our 'Aspire' options? Simply choose which options you would like to add to your home. Take one, or take them all. It is entirely up to you and what suits your needs.

As you continue through the brochure you will notice that we have illustrated this range to suit different land sizes and features designed, to better suit your needs and wants, no matter what your budget is.

In choosing an Allworth Home you will have the benefit of 40 years master built experience. We have mastered the planning and building process, honed to a point, being recognised as one of the most efficient builders in New South Wales.

Take a look through our new look brochure and talk to one of our friendly New Home Consultants.
